SEDATION INSTRUCTIONS FOR PATIENTS WITH DIABETES

«Title» «FName» «MI» «LName»

Because of your diabetes please follow these special instructions:

- 1. Take HALF of your injectible insulin dose the morning of the procedure. If you take oral diabetes medication, take the dose that morning.**
- 2. Bring your blood sugar monitor testing kit to the office.**
- 3. Do not eat before unless instructed to do so.**

These instructions are in addition to the main sedation instructions on a separate sheet.
